What is it?

A **Speech Review** is your chance to get a speechwriter's eyes on your presentation without me doing it from scratch. It's like a nice little tune-up for your speech to make sure it's at its best.

Who is it for?

Conference speakers, podcast guests and masterclass leaders who have a solid draft and just need a second set of eyes to look over your presentation, make a few tweaks and give you that reassuring pat on the back.

What do I get?

- A full review of your speech/presentation and any accompanying slides.
- All the tweaks you need and recommendations for adding impact.
- A free practice session if you want to test it out on a live person.

What do I need to do?

Just send an email to hello@nyreeslatter.com.au and I'll book you in to my first available speech review spot. Make sure you let me know your deadline.

What do others say?

"I engaged Nyree to help me polish my presentation, I had a draft but I really wanted it to be A-grade, engaging, funny and I wanted to ensure that I was bringing my best to the speaking opportunity. I had very little time, but Nyree was nothing short of amazing. After she reviewed it and gave me some suggestions - I practised the new version, and I was totally thrilled with the results. I went from a very nervous speaker, to having the room fully engaged and breaking out in laughter (in the right places). 100% recommend Nyree to anyone wanting to get up and confidently share their story with the world."
